Rob Turner Studios

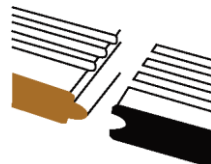

discover the **Bamboo** **X-treme®** benefits

hard & durable

- The bamboo decking with Class 1 durability (EN 350) tested following CEN/TS 15083-2 class (simulated graveyard test).
- Use Class 4 in accordance with EN 335.
- Class 0 fungi resistance in accordance with EN152.
- Exceptionally hard: Brinell >9.5kg/mm² (harder than any tropical hardwood available).
- MOSO provides Bamboo X-treme® outdoor products* with up to 25 years warranty.

high stability

- Very stable as a result of the thermo treatment combined with High Density® compression.
- Far more stable than tropical hardwoods - enabling an end-match system.
- Limited tendency to torsion.
- No gap between the end of the boards necessary.
- Only 5-6 mm expansion space between the boards.
- Possible to use pressure treated lumber or metal for joist.

easy to install

- Can be installed using hidden fasteners or face screwed.
- Both sides of the board - reeded or flat - can be used.
- Fixed board length 1850 mm, easy for 1 person to install, no complicated installation plans necessary.
- MOSO® fasteners make it easy to install, release and replace.
- End-match system simplifies the installation by allowing the joint to float between the joists.
- Complementing Thermo-Density® subframe joists available.

economical

- Simple and fast installation: Up to 30% savings in installation costs!
- Reduced waste because of the end-match system.
- Cost effective transportation because of the fixed 1850 mm length.
- Cost effective and space reducing stocking because of unique multi usable board.

beautiful appearance

- A beautiful, natural hardwood look.
- Choice for flat or reeded surface in one reversible board.
- Use of hidden fasteners avoids face screwing and plugging.
- Free of knots and natural plant resins.
- Choice for natural fading, resulting in a natural grey colour or maintaining the rich brown color using an exterior finish.

endless resource

- Made from Moso bamboo; With a growing speed of up to 1 meter per day the fastest growing plant on earth.
- Ready for harvest after 5 years (compared to up to 100 years for hardwood species) - no deforestation.
- Consisting of approx. 90% natural bamboo.

CO2 neutral

- Official LCA and carbon footprint studies by Technical University Delft according to ISO 14040/44 confirm that MOSO® Bamboo X-treme® is CO2 neutral over the full life cycle.
- No use of fungicide in the production.

fire resistant

- Achieves fire resistance Class Bfl-s1 (decking) and B-s1-d0 (cladding, fencing, beams) following EN 13501-1 without use of fire retardants.
- As a result, MOSO® Bamboo X-treme® can be easily applied in public projects without additional protective measures.
- Achieves flame spread index Class A following ASTM E84.

MOSO® Bamboo X-treme®

Decking

Standard Groove / Flat

A special, unique Thermo-Density® process at 200°C provides MOSO® Bamboo X-treme® the highest durability class possible in the appropriate EU norms and increases the hardness and stability. The special symmetrical shape of the sides offers the possibility to choose between either the grooved or the flat surface.

Bamboo X-treme® Decking Groove / Flat 178 mm

Installation:	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x178x20 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT211G
Board:	0,329 m ² - 1,85 m ¹ - 6,9 kg
Pallet content:	144 pcs. - 47,42 m ² - 266,4 m ¹ - ca. 1100 kg

Bamboo X-treme® Decking Groove / Flat 155 mm

Installation:	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x155x20 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT191G
Board:	0,287 m ² - 1,85 m ¹ - 6,3 kg
Pallet content:	168 pcs. - 48,178 m ² - 310,8 m ¹ - ca. 1100 kg

Bamboo X-treme® Decking Groove / Flat 137 mm

Installation:	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137x20 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT171G-01
Finish:	Finished Sikkens Cetol, end sides sealed
Product Code	BO-DTHT171G-01
Finish	Unfinished
Product Code	BO-DTHT7170G
Board	0,253 m ² - 1,85 m ¹ - 5,5 kg
Pallet content	192 pcs - 48,66 m ² - 355,2 m ¹ - ca. 1100 kg

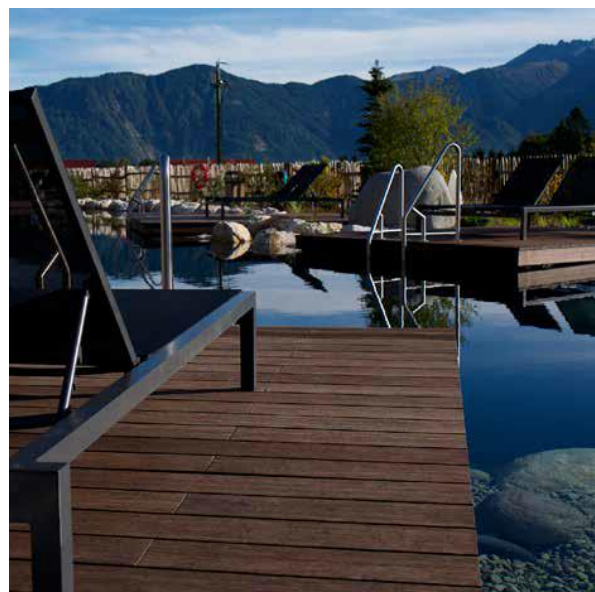

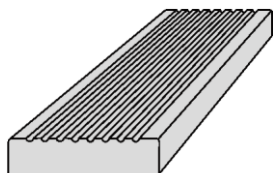

Bamboo X-treme® Decking Groove / Flat 137x18 mm

Installation:	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137x18 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT181G
Board:	0,253 m ² - 1,85 m ¹ - 4,95 kg
Pallet content:	216 pcs. - 54,75 m ² - 355,2 m ¹ - ca. 1100 kg

Decking 30 mm Standard Groove / Flat

The board shape offers the possibility to choose between either the grooved or the flat surface. The 30 mm thickness allows installation with more space between the joists or more load on the normal span

NEW

Bamboo X-treme® Decking Groove / Flat 137x30 mm

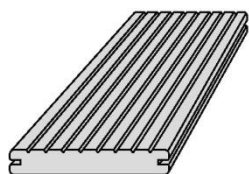

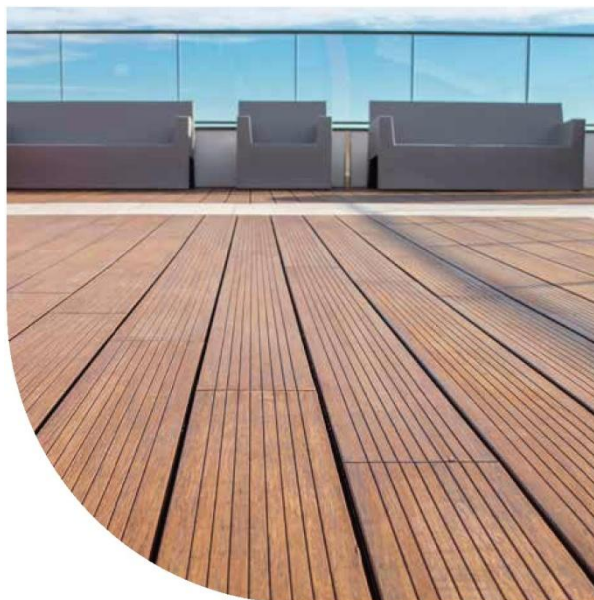

Installation:	On joists, screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137x30 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT371
Finish:	Finished Sikkens Cetol, end sides sealed
Product Code	BO-DTHT371-01
Finish:	Unfinished
Product Code	BO-DTHT370
Board	0,253 m ² - 1,85 m ¹ - 8.3 kg
Pallet content	128 pcs - 32.44 m ² - 236.8 m' - ca. 1100 kg

MOSO® Bamboo X-treme®

Decking

V-grooved / Rough Sanded

The special symmetrical shape of the sides offers the possibility to choose between either the v-grooved or the rough sanded surface. The rough sanded side is especially suitable for applications where increased anti slip performance is required.

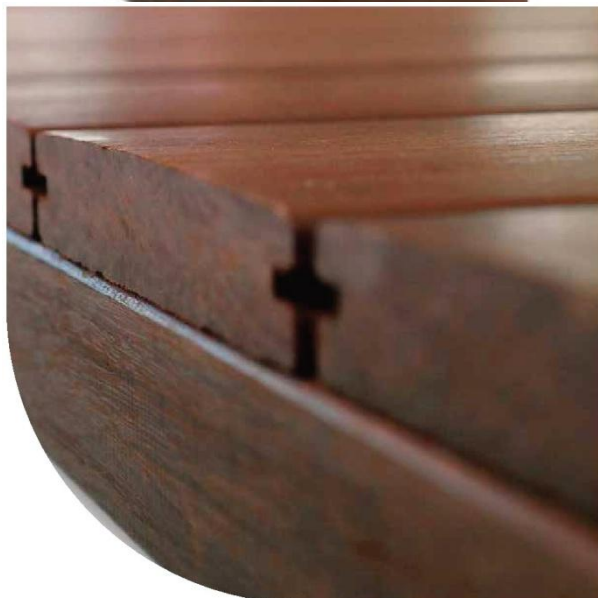

Bamboo X-treme® Decking V-Groove / Rough sanded 155 mm

Installation:	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x155x20 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT191GV-R
Board:	0.287 m ² - 1,85 m ¹ 6.3kg
Pallet content:	168 pcs. - 48,178 m ² - 310,8 m ¹ - ca. 1100 kg

MOSO® Bamboo X-treme®

Decking Curved & Grad

Due to the slight, central elevation of 1.5 mm, the water drains directly to the side, so that the boards, e.g. after rain, quickly dry up again and become less dirty. The curved shape also makes installation easier - unlike other decking boards, no slope is required for the installation.

NEW

Bamboo X-treme® Decking Curved 155 mm

Installation	On joists, with fasteners or screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x155x20 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT191G-C
Finish:	Finished Sikkens Cetol, end sides sealed
Product code	BO-DTHT191G-C-01
Finish:	Unfinished
Product code:	BO-DTHT190G-C
Board	0,287 m ² - 1,85 m ¹ - 6,3 kg
Pallet content:	168 pcs. - 48,178 m ² - 310,8 m ¹ - ca. 1100kg

Bamboo X-treme® Decking Grad 155 mm

Installation	With Grad system
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x155x21 mm
Finish:	Oiled Woca, end sides sealed
Product Code	BO-DTHT191-C-BG
Finish:	Finished Sikkens Cetol, end sides sealed
Product code	BO-DTHT191-C-BG-01
Finish:	Unfinished
Product code:	BO-DTHT190-C-BG
Board	0,287 m ² - 1,85 m ¹ - 7.1 kg
Pallet content:	168 pcs. - 48,178 m ² - 310,8 m ¹ - ca. 1100kg

The Curved decking boards can also be supplied with grooves at the backside to match the patented Grad system. With the Grad system the decking can be installed in one click

MOSO® Bamboo X-treme®

Decking Tiles

MOSO® Bamboo X-treme® Tiles can be installed on pedestals and are very suitable for commercial or residential rooftop terraces and plazas. Also on uneven surfaces (including cracked concrete patios) these tiles perform very well. MOSO® Bamboo X-treme® Tiles are available with 5 or 8 slats on top, both with a smooth surface.

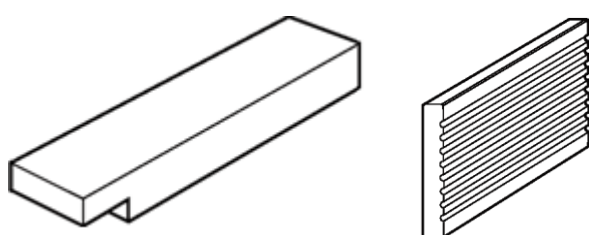

Bamboo X-treme® Tiles

Installation	On pedestals
Edges:	Bevel
Dimensions:	595x595x36 mm
Finish:	Oiled Woca , end sides sealed
Nr. Of slats:	5
Product code	BO-DTHT-T161-5S
Nr of slats	8
Product code:	BO-DTHT-T161-8S
Board	0.36 m ² – 8.87 kg
Pallet content:	90 pcs – 32.4 m ²

MOSO® Bamboo X-treme®

Decking – Accessories

The MOSO® Bamboo X-treme® Sub frame joists and Fascia boards are made of the same material as the decking boards: Thermo-Density® heat-treated bamboo

Bamboo X-treme® Sub frame joist

Finish:	Unfinished
Edges:	Square edge
Dimensions:	2440x60x40 mm
Product code	BO-SB155
Beam:	2.44 m ¹ – 6.5 kg
Pallet content:	180 pcs – 439.2 m ¹ – ca. 1200 kg

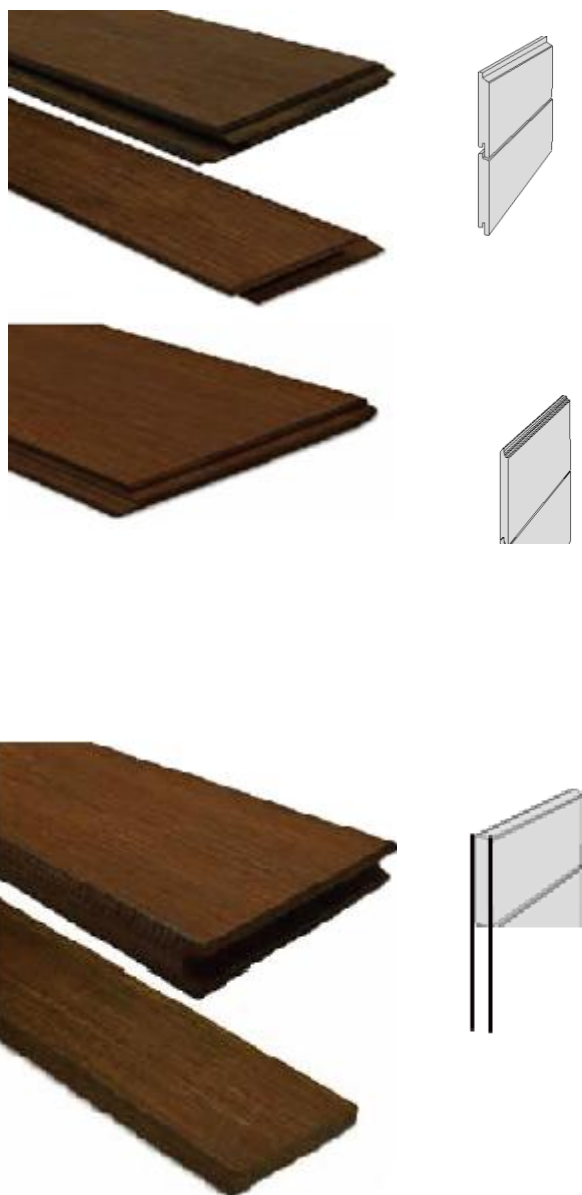

Bamboo X-treme® Fascia board

Installation	Screwed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137x20 mm
Finish:	Unfinished
Product code	BO-DTHT162
Board:	0.253 m ² – 1.85 m ¹ – 5.5 kg
Pallet content:	192 pcs – 48.66 m ² 355.2 m ¹ – ca. 1100 kg

MOSO® Bamboo X-treme®

Cladding

MOSO® Bamboo X-treme® Cladding is a solid, Thermo-Density® exterior board, made from compressed bamboo strips. A special, unique Thermo-Density® process at 200°C provides MstOSO® Bamboo X-treme® the highest durability class possible in the appropriate EU norms, increases the stability and density and consequently the hardness. Furthermore, contrary to other wood products, this material achieves fire resistance Class B-s1-d0 (EN 13501-1) without impregnation with expensive and eco-damaging fire retardants. MOSO® Bamboo X-treme® Cladding is maintenance free and will turn grey over time creating a very natural look.

Bamboo X-treme® Cladding board Rebated profile

Ends:	End match system
Installation:	With fasteners
Finish:	Unfinished
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137(125)x18 mm
Product code:	BO-DTHT500G
Board:	1.85 m ¹ – 4.95 kg
Pallet content:	216 pcs – 399.6 m ¹ – ca. 1100 kg
Dimensions:	1850x75(63)x18 mm
Product code:	BO-DTHT505G
Board:	1.85 m ¹ – 2.7 kg
Pallet content:	459 pcs – 849.2 m ¹ – ca. 1100 kg

Bamboo X-treme® Cladding board Closed profile

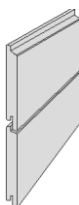

Ends:	End match system
Installation:	With screws – hidden in Closed profile
Finish:	Unfinished
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137(124.5)x18 mm
Product code:	BO-DTHT530
Board:	1.85 m ¹ – 4.95 kg
Pallet content:	216 pcs – 399.6 m ¹ – ca. 1100 kg

Bamboo X-treme® Cladding board Trapezium profile

Ends:	End match system
Installation:	With screws
Finish:	Unfinished
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1850x137(132)x18 mm
Product code:	BO-DTHT510
Board:	1.85 m ¹ – 4.95 kg
Pallet content:	216 pcs – 399.6 m ¹ – ca. 1100 kg
Dimensions:	1850x75(70)x18 mm
Product code:	BO-DTHT515
Board:	1.85 m ¹ – 2.7 kg
Pallet content:	405 pcs – 749.3 m ¹ – ca. 1100 kg
Dimensions:	1850x75(70)x12 mm
Product code:	BO-DTHT525
Board:	1.85 m ¹ – 1.8 kg
Pallet content:	560 pcs – 1036 m ¹ – ca. 1100 kg

MOSO® Bamboo N-finity Cladding

MOSO® Bamboo N-finity Cladding is a solid, laminated bamboo board that is impregnated for outdoor use. The special impregnation process provides the product the highest durability class possible following EU norm EN 350.

Bamboo N-finity Cladding board Rebated profile

Ends:	Square edge
Installation:	With fasteners
Finish:	Unfinished
Edges:	Longitudinal sides with radius
Dimensions:	5400x140(128)x18 mm
Product code:	BO-IL500G-540
Board:	5.4 m ¹ - 9.5 kg
Pallet content:	112 pcs – 604.8 m ¹ – ca. 1100 kg
Dimensions:	2400x140(128)x18 mm
Product code:	BO-IL500G-240
Board:	2.4 m ¹ – 4.25 kg
Pallet content:	259 pcs – 621.6 m ¹ – ca. 1100 kg

Bamboo N-finity Cladding board Trapezium profile

Ends:	Square edge
Installation:	With fasteners
Finish:	Unfinished
Edges:	Longitudinal sides with radius
Dimensions:	5400x140(128)x18 mm
Product code:	BO-IL500G-540
Board:	5.4 m ¹ - 9.5 kg
Pallet content:	112 pcs – 604.8 m ¹ – ca. 1100 kg
Dimensions:	2400x140(128)x18 mm
Product code:	BO-IL500G-240
Board:	2.4 m ¹ – 4.25 kg
Pallet content:	259 pcs – 621.6 m ¹ – ca. 1100 kg

MOSO® Bamboo X-treme®

Fasteners & Screws

Moso® Bamboo Decking and Cladding can be easily installed with Fasteners, alternatively screwed down. When installed with clips, there will be 5-6 mm gaps between the boards. The fasteners are supplied with matching stainless steel screws (square bit). For installation on aluminium sub frame joist, special screws are available.

Recommended quantity*	Recommended quantity**
Decking	Cladding
137 mm - 20 Pcs./m ²	137 mm - 14 Pcs./m ²
155 mm - 17 Pcs./m ²	75 mm - 26 Pcs./m ²
178 mm - 14 Pcs./m ²	

*)Based on distance of 462.5 mm between the sub frame joist axes

**) Based on distance of 600 mm between the sub frame joist axes

Fasteners Asymmetric with screws

Material:	Stainless Steel A2 (AISI304)
Colour:	Brown
Fastener dimensions:	27x22,5x10,8mm
Screw dimensions	4,5x30 mm
For boards:	20 mm
Product code:	CLIP-SCREWBX08
Fastener dimensions:	27x22,5x9,8 mm
Screw dimensions	4,5x30 mm
For boards:	18 mm
Product code:	CLIP-SCREWBX09
Sales Unit:	90 pcs, In each box 1 screw bit (square) is supplied.

Fasteners Symmetric with screws

Material:	Stainless Steel A2 (AISI304)
Colour:	Brown
Fastener dimensions:	27x22,5x10,8mm
Screw dimensions	4,5x30 mm
For boards:	20 mm
Product code:	CLIP-SCREWBX031
Fastener dimensions:	27x22,5x9,8 mm
Screw dimensions	4,5x30 mm
For boards:	18 mm
Product code:	CLIP-SCREWBX041
Sales Unit:	90 pcs, In each box 1 screw bit (square) is supplied.

Fasteners Start/End with screws

Material:	Stainless Steel A2 (AISI304)
Colour:	Brown
Fastener dimensions:	27x17x31 mm
Screw dimensions	4,5x30 mm, metal colour
For boards:	20 mm
Installation:	Screw on top of the joist
Product code:	CLIP-SCREWBX801
Installation:	Screw on top or side of the joist
Product code:	CLIP-SCREWBX301
Sales Unit:	90 pcs, In each box 1 screw bit (square) is supplied.

Fasteners Asymmetric without screws

Material:	Stainless Steel A2 (AISI304)
Colour:	Brown
Fastener dimensions:	27x22,5x10,8mm
For boards:	20 mm
Product code:	CLIP-BX08
Fastener dimensions:	27x22,5x9,8 mm
For boards:	18 mm
Product code:	CLIP-BX09
Sales Unit:	90 pcs

Screw for aluminium sub frame joist

Material:	Stainless Steel A2 (AISI304)
Colour:	Brown
Screw dimensions	4,2x20 mm
Product code:	SCREW-09
Sales Unit:	90 pcs, In each bag 1 screw bit is supplied.

MOSO® Bamboo X-treme®

Fencing

MOSO® Bamboo X-treme® fence boards are solid, Thermo-Density® exterior boards, made from compressed bamboo strips. A special, unique Thermo-Density® process at 200°C provides MOSO® Bamboo X-treme® the highest durability class possible in the appropriate EU norms and increases the stability and density. The fence boards, equipped with a longitudinal tongue/groove connection, are mounted between posts with U-profiles (not provided by MOSO®).

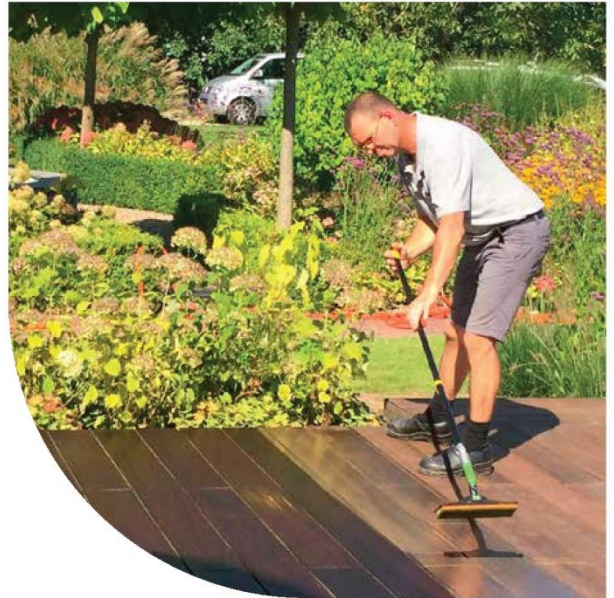

Bamboo X-treme® Fencing board 137 mm	
Installation	With screws or in U-profiles (no end match system)
Finish:	Oiled Woca, end sides sealed
Edges:	Longitudinal sides with radius, end sides beveled
Dimensions:	1800x137(131)x20 mm
Product code:	BO-DTHT301TG
Board	1.80 m ^l .- .5 kg
Pallet content:	192 pcs – 345.6 m ^l – ca. 1100 kg

MOSO® Bamboo X-treme®

Cleaning & maintenance

Under the influence of wind, rain, sun and snow Bamboo X-treme® will weather. The Silicon Carbide broom and machine disk are perfectly suited to clean and smoothen the decking surface of Bamboo X-treme® and to remove splinters due to the capability to sand the surface in addition to cleaning it. An exterior wood cleaner, like Woca Cleaner, removes dirt without damaging the surface, which is necessary before a maintenance treatment. MOSO® recommends Woca Oil or Sikkens Cetol WF 771 for maintenance of MOSO® Bamboo X-treme® decking and beams.

Silicon Carbide Disk

Product code: **Disk-01**

Sales Unit: 1 piece

Silicon Carbide Broom incl Broomstick

Product code: **Broom-01**

Sales Unit: 1 piece

MOSO® Terms and conditions

General terms and conditions of delivery and payment of: Moso International B.V.
Adam
Smithweg 2
NL-1689 ZW
ZWAAG
Registered at the Chamber of Commerce in Alkmaar
under number: 36052388

CLAUSE 1: APPLICABILITY

1. These terms and conditions shall apply to all offers and to all purchase and sale agreements of Moso International B.V., with registered office in Zwaag, hereinafter referred to as "the user".

2. The purchaser or the client, as the case may be, shall hereinafter be referred to as "the other party". Should a provision below specifically refer to a situation where the other party is a natural person not acting in the course of a profession or business, such party shall be referred to as "the consumer".

3. Other terms and conditions shall only form part of the agreement concluded between the parties if and insofar as both parties have expressly agreed this in writing.

4. In these general terms and conditions, "in writing" shall also be understood to mean: by email, by fax or any other means of communication which can, given the state of technology and generally accepted standards, be considered as equivalent thereto.

5. Should the other party accept and retain, without comment, a quotation or order confirmation which refers to these terms and conditions, the other party shall be deemed to have agreed to the application thereof.

6. Should (part of) a provision of these general terms and conditions not apply, this shall not affect the applicability of the remaining provisions.

CLAUSE 2: AGREEMENTS

1. Agreements shall only become binding on written confirmation by the user.

2. Verbal arrangements shall only bind the user once these have been confirmed by the user in writing, or once the user has, with the consent of the other party, started to execute the agreement.

3. Supplements or amendments to the general terms and conditions or other changes or supplements to the agreement shall only become binding once they have been confirmed by the user in writing.

CLAUSE 3: OFFERS

1. All offers, quotations, price lists, delivery periods etc. of the user shall be without obligation, unless they contain a period for acceptance. Should a quotation and/or offer contain an offer without obligation and this offer is accepted by the other party, the user shall be entitled to withdraw the offer within 2 working days of receipt of the acceptance.

2. The prices charged by the user as well as the prices given in the offers, quotations, price lists and suchlike are exclusive of VAT and any costs. These costs may include:
- but are not limited to - travelling expenses, transport costs and statements of expenses from third parties used. The above shall apply unless expressly indicated otherwise in writing.

3. Samples, brochures, drawings, models, specifications in terms of colour, dimensions and weight and other descriptions shown and/or provided are as accurate as possible, but shall serve as an indication only. No rights may be derived from these, unless the parties have expressly agreed otherwise in writing.

4. The samples, brochures, drawings and suchlike referred to in the previous subclause of this clause shall remain the property of the user at all times, unless the parties have expressly agreed otherwise in writing. These must be returned at the first request of the user. They may not be duplicated or made available to third parties for inspection, unless the written consent of the user has been obtained.

5. A. Should, between the date of the conclusion of the agreement and the execution of the agreement, wages, employment conditions or social insurance schemes and suchlike be amended by the government and/or collective industrial organisations, the user shall be entitled to pass the increases on to the other party. Should a new price list be issued by the user and/or suppliers and come into force between the aforementioned dates, then the user shall be entitled to charge the other party the prices given therein.

B. Where the agreement has been concluded with the consumer, price increases may be passed on and/or charged 3 months after the conclusion of the agreement. In the event of price increases within a period of less than 3 months, the consumer shall be entitled to dissolve the agreement.

CLAUSE 4: USING THIRD PARTIES

If and insofar as this is required for the proper execution of the agreement, the user shall be entitled to have specific activities and/or deliveries carried out by third parties.

CLAUSE 5: DELIVERY, DELIVERY PERIODS

1. Stated delivery periods within which the goods must be delivered may never be regarded as fixed deadlines, unless the parties have expressly agreed otherwise in writing. Should the user fail to fulfil its obligations pursuant to the agreement or fail to fulfil these on time, it must therefore be given written notice of default.

2. Where delivery is made in consignments, each delivery or phase shall be regarded as a separate transaction and the user may invoice per transaction.

3. The risk in respect of the delivered goods shall pass to the other party at the time of delivery.

4. The ordered goods shall be shipped and/or transported in a manner to be specified by the user, but for the account and risk of the other party. The user shall not be liable for loss or damage of any kind or in any form whatsoever relating the shipment and/or transport, regardless of whether this loss or damage is sustained by the goods themselves. The provisions of this subclause shall apply unless the parties have expressly agreed otherwise in writing.

5. Should it prove to be impossible to deliver the goods to the other party for reasons attributable to the other party, the user reserves the right to store the ordered goods for the account and risk of the other party. The user shall notify the other party of the storage in writing, giving a reasonable period within which the other party must make it possible for the user to deliver the goods.

6. Should the other party still have failed to fulfil its obligations even after the expiry of the

reasonable period set by the user as referred to in the previous subclause of this clause. The other party shall be in default as a result of the mere expiry of 1 (one) month, to be calculated as from the date of storage, and the user shall be entitled to wholly or partially dissolve the agreement in writing and with immediate effect, without prior or further notice of default, without judicial intervention and without being obliged to pay compensation for loss or damage, costs and interest.

7. The above shall not affect the obligation of the other party to pay the agreed and/or stipulated and/or owed price as well as any storage costs and/or other costs.

8. The user shall be entitled to require - with regard to the fulfillment of the financial obligations of the other party - advance payment or security from the other party before commencing the delivery.

CLAUSE 6: PROGRESS OF THE DELIVERY

1. The user cannot be required to start delivering the goods until all the information required for this is in its possession and it has received any agreed (instalment) payments. Should delays arise as a result of this, the stated delivery periods shall be adjusted pro rata.

2. Should it not be possible to carry out the deliveries normally or without interruption for reasons not attributable to the user, the user shall be entitled to charge the other party the resulting costs.

3. All expenses incurred by the user within the framework of the agreement at the request of the other party shall be entirely for the account of the latter, unless the parties have expressly agreed otherwise in writing.

CLAUSE 7: PACKAGING

1. The reusable packaging in which the goods are delivered shall remain the property of the user and may not be used by the other party for purposes other than that for which it is intended.

2. The user shall be entitled to charge the other party a deposit for this packaging. The user shall be obliged to take back this packaging, provided that it is returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

3. Should packaging be damaged, incomplete or lost, the other party shall be liable for this loss or damage and shall lose its right to the repayment of the deposit.

4. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

5. Should packaging be damaged, incomplete or lost, the other party shall be liable for this loss or damage and shall lose its right to the repayment of the deposit.

6. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

7. Should packaging be damaged, incomplete or lost, the other party shall be liable for this loss or damage and shall lose its right to the repayment of the deposit.

8. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

9. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

10. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

11. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

12. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

13. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

14. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

15. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

16. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

17. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

18. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

19. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

20. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

21. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

22. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

23. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

24. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

25. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

26. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

27. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

28. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

29. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

30. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

31. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

32. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

33. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

34. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

35. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

36. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

37. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

38. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

39. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

40. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

41. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

42. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

43. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

44. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

45. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

46. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

47. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

48. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

49. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

50. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

51. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

52. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

53. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

54. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

55. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

56. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

57. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

58. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

59. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

60. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

61. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

62. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

63. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

64. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

65. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

66. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

67. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

68. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

69. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

70. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

71. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

72. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

73. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

74. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

75. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

76. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

77. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

78. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

79. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

80. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

81. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

82. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

83. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

84. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

85. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

86. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

87. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

88. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

89. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

90. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

91. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

92. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

93. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

94. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

95. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

96. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

97. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

98. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

99. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

100. Should this - in the opinion of the user - prove to be returned carriage paid, at the price charged to the other party, during a period following the delivery date and specified by the user.

A. In all cases the period within which the other party can claim compensation for assessed loss from the user shall be limited to 6 months as from the time at which it was established that the compensation was payable.

B. Contrary to the provisions under A of this subclause, a maximum period of 1 (one) year shall apply in respect of the consumer.

7. If goods delivered by the user have a manufacturer's guarantee, this guarantee shall apply between the parties in the same way.

8. Where the agreement has been concluded with the consumer, the user shall observe the statutory guarantee periods.

9. The other party shall lose its rights vis-a-vis the user, shall be liable for all loss or damage and shall indemnify the user against any claims of third parties in respect of compensation for loss or damage if and insofar as:

A. the aforementioned loss or damage has arisen as a result of injudicious use and/or use contrary to the instructions and/or advice of the user and/or injudicious safekeeping (storage) of the delivered goods by the other party;

B. the aforementioned loss or damage has arisen as a result of errors, omissions or inaccuracies in information, materials, information carriers and suchlike which were provided to the user by or on behalf of the other party and/or the use of which by the user was prescribed by or on behalf of the other party.

CLAUSE 10: PAYMENT

1. Payment must be made within 30 days of the date of invoice, unless the parties have expressly agreed otherwise in writing.

2. Should an invoice not have been paid in full after the expiry of the period referred to in subclause 1:

A. a credit restriction surcharge of 2% shall be charged to the other party as from that date, without further notice of default being required;

B. the other party shall owe the user default interest of 2% per month to be calculated cumulatively on the principal sum. Parts of a month shall be regarded as full months in this respect;

C. the other party, after having received a demand from the user in this regard, shall owe a minimum of 15% of the total of the principal sum and the default interest in respect of extrajudicial costs, with an absolute minimum of € 150.00;

D. the user shall be entitled to charge the other party an amount of at least € 20.00 in respect of administration costs for each payment reminder, demand and suchlike sent to the other party. The user shall refer to this in the agreement and/or on the invoice.

3. At the discretion of the user, the agreement may, in the aforementioned or similar circumstances, be wholly or partially dissolved without further notice of default or judicial intervention; this may or may not be combined with a claim for compensation.

4. Should the other party not have fulfilled its payment obligations on time, the user shall be entitled to suspend the fulfillment of the obligation to deliver and/or to carry out work entered into vis-a-vis the other party until the payment has been made or other security has been provided for this. The same shall apply even before the other party is in default if the user has reasonable grounds to suspect that there are reasons to doubt the creditworthiness of the other party.

5. Payments made by the other party shall always be used to settle all interest and costs owed and then due and payable invoices which have been outstanding the longest, unless the other party expressly indicates in writing, when making the payment, that the payment relates to a later invoice.

6. A. Should the other party, for whatever reason, have one or more counterclaims against the user, or acquire such counterclaims in future, the other party shall waive the right of setoff in respect of this/these claim(s). The said waiver of the right of setoff shall likewise apply should the other party apply for (provisional) suspension of payment or be declared bankrupt.

B. The provisions under A of this subclause shall not apply to agreements concluded with the consumer.

CLAUSE 11: RETENTION OF TITLE

1. The user shall retain ownership of the goods delivered and to be delivered until the other party has fulfilled its payment obligations vis-a-vis the user in this regard. These payment obligations shall consist of paying the purchase price, plus claims in respect of work carried out connected to this delivery as well as any claims for compensation on account of the other party's failure to fulfil its obligations.

2. The other party may only resell the goods falling under the retention of title in the context of its normal business activities.

3. Should the user invoke the retention of title, the agreement concluded in this respect shall be regarded as having been dissolved, without prejudice to the right of the user to claim compensation for loss or damage, lost profit and interest.

4. The other party shall be obliged to inform the user immediately and in writing should third parties assert rights in respect of goods which are subject to the retention of title pursuant to this clause.

CLAUSE 12: PLEDGE/WARRANTAGE

Up to the time at which the other party has fulfilled all its payment obligations vis-a-vis the user in this regard, the other party shall not be entitled to give the delivered goods to third parties as security and/or to establish a nonpossessory pledge thereon and/or to place the goods under the actual control of one or more financiers for the purpose of storage (warrantage), as such actions shall be deemed to constitute attributable non-fulfilment on the part of the other party. In such a case, the user may immediately suspend its obligations arising from the agreement or dissolve the agreement without being obliged to give any notice of default and without prejudice to the right of the user to claim compensation for loss or damage, lost profit and interest.

CLAUSE 13: BANKRUPTCY, LOSS OF POWER TO DISPOSE OF PROPERTY and suchlike Without prejudice to the provisions of the other clauses

of these terms and conditions, the agreement concluded between the other party and the user shall be dissolved without any judicial intervention and without any notice of default being required as soon as the other party is declared bankrupt, applies for the (provisional) suspension of payment, has execution levied against it, is placed in receivership or under administration or loses its power and/or legal capacity to dispose of its assets or parts thereof in any other way, unless the receiver or administrator acknowledges the obligations arising from the agreement as estate debt.

MOSO® Bamboo X-treme®

Outdoor Beams

A unique Thermo-Density® process at 200°C and increased density (by compressing the bamboo strips) make the MOSO® Bamboo X-treme® material extremely durable and stable. This durability and stability, as well as the pre-profiled rounded edges, make MOSO® Bamboo X-treme® Beams ideal for use in outdoor furniture and cladding products.

Bamboo X-treme® Outdoor beams

Finish:	Sikkens Cetol
Edges:	R = 4 mm (on all sides)
Dimensions:	2000x115x40 mm
Product code:	BO-DTHT2170-2-01
Board:	2 m ¹ - 9,7 kg
Pallet content:	100 pcs. - 200 m ¹ - ca. 970 kg
Dimensions:	2000x90x40 mm
Product code:	BO-DTHT2175-2-01
Board:	2 m ¹ - 8.4 kg
Pallet content:	128 pcs. - 256 m ¹ - ca. 970 kg
Dimensions:	2000x80x40 mm
Product code:	BO-DTHT2175-2-01
Board:	2 m ¹ - 6,7 kg
Pallet content:	144 pcs. - 288 m ¹ - ca. 970 kg
Dimensions:	2000x60x40 mm
Product code:	BO-DTHT2172-2-01
Board:	2 m ¹ - 5.1 kg
Pallet content:	192 pcs. - 384 m ¹ - ca. 970 kg
Dimensions:	2000x55x40 mm
Product code:	BO-DTHT2174-2-01
Board:	2 m ¹ - 4.2 kg
Pallet content:	210 pcs. - 420 m ¹ - ca. 970 kg
Dimensions:	2000x40x40 mm
Product code:	BO-DTHT2173-2-01
Board:	2 m ¹ - 3.4 kg
Pallet content:	288 pcs. - 576 m ¹ - ca. 970 kg
